The 15th Meeting of the OSCE Economic and Environmental Forum

“Key challenges to ensure environmental security and sustainable development in the OSCE area: land degradation, soil contamination and water management”

Closing Debate – The role of the OSCE in follow-up to the 15th Economic and Environmental Forum , May 23

Masaid Hamidov

Minister of land reclamation and Water resources of the Republic of Tajikistan

Dear Forum participants!

I would like to express gratitude to Forum organizers for providing excellent conditions for the participants.

I liked presentation of the Swedish Water Problem Institute regarding solution of the transboundary water problems, especially I liked the offered ways of the economic decision of the transboundary water problems.

Taking this opportunity I would request Spanish chairmanship to organize and conduct a Regional conference in Central Asia on Swedish Water Problem Institute experience exchange regarding solution of transboundary water problems, as in Central Asia this issue remains open, especially what concerns economic mechanisms.
