**MOSTAT**

"Don't let anyone rob you of your imagination, your creativity, or your curiosity. It's your place in the world; it's your life. Go on and do all you can with it, and make it the life you want to live." - [Mae Jemison](#), first African American woman astronaut in space.

"Science is not a boy's game, it's not a girl's game. It's everyone's game. It's about where we are and where we're going. Space travel benefits us here on Earth. And we ain't stopped yet. There's more exploration to come." -- [Nichelle Nichols](#), former NASA Ambassador and Star Trek actress.
