

# HATE MONITOR

JUNE 2023

Hate-motivated incidents are often violent manifestations of intolerance which instil fear and divide communities. Tackling underlying prejudice is essential in combating the spread of these divisive actions. The OSCE Mission to BiH supports the work of government institutions, the criminal justice system, local authorities and civil society to effectively respond to these incidents. The Hate Monitor provides a monthly update on incidents and responses throughout BiH.

In June, representatives from the City of Sarajevo actively participated in a workshop on crisis management and the creation of a response protocol for bias-related incidents and hate crimes, demonstrating their commitment to condemning acts driven by hatred, prejudice, and stereotypes. After adopting the Protocol and a Crisis Management Plan, city officials will receive guidance regarding making informed decisions before utilizing the Protocol.
